

INNOCID (3%)

Alcoholic preparation for disinfecting surfaces

Microbial spectrum: bactericide (MRSA), fungicide, selective virucide (for enveloped viruses), tuberculocide.

Conditions of application: concentrated state; working time: 3 min. (for the tuberculocidal effect: 15 min.).

Areas and methods of usage: the product is designed for professional use. It is suitable for cleaning and disinfecting washable alcohol-resistant surfaces. It can be applied in various institutes of tourism, health care, social support and other services as well as industrial areas requiring the disinfection or cleaning disinfection of surfaces. It can be also used for disinfecting devices and instruments applied in solaria, hairdressing, pedicure, manicure, cosmeticology, etc. In case of polished surfaces, a trial session is recommended because the preparation might turn them mat. Spray the disinfecting solution onto the surface to treat. When the working time elapses (after drying on), the surface will become hygienically correct. Do not use the preparation for disinfecting skin surfaces!

EU hazard symbol:

Warning: hazard

Flammability: category II

Safety recommendations: use the preparation exclusively for its function in the appropriate way according to general labour hygienic, labour safety and fire safety instructions. Ensure proper ventilation. Keep open flames, heat emission and all other sources of ignition away from the working area or its air space.

H319 - Causes serious eye irritation.

H336 - May cause drowsiness or dizziness.

H225 - Highly flammable liquid and vapour.

P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P280 - Wear protective gloves / protective clothing / eye protection / face protection.

P261 - Avoid breathing dust/fume/gas/mist/vapours/spray.

P271 - Use only outdoors or in a well-ventilated area.

P303 + P361 + P353 - If on skin (or hair): Take off immediately all contaminated clothing.

Rinse skin with water / shower.

P304 + P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing.
