

INNO-DERM

Hand cleaner

Areas and methods of usage: the product is designed for professional use. It can be applied in all fields where it is necessary to clean hand surfaces strongly contaminated by grease, oil, artificial resin or similar substances as it frequently occurs in such technical areas as machine industry, motorvehicle repairing and maintenance, painting, panelling, etc.

The preparation is easy and convenient to dose. Take 2-3millilitres of the substance, rub it all over the previously wetted hand surface evenly, generate foam with a minor amount of water and close the process by rinsing. The treated hand surface will feel soft and smell pleasant.

EU hazard symbol:

Warning:

hazard

Flammability:

not flammable.

Safety recommendations: use the preparation exclusively for its function in accordance with general labour hygienic and labour safety instructions.

H318 - Causes serious eye damage.

P280 - Wear protective gloves / protective clothing / eye protection / face protection.

P332 + P313 - If skin irritation occurs: Get medical advice/attention.
