

## INNO-SPRINT

### General platform cleaning concentrate

General-purpose liquid cleaning concentrate of moderate alkalinity with a special tenside mixture. Great humidifying effect.

**Areas and methods of usage:** the product is designed for professional use. It can be used in a wide scale of areas for cleaning various platforms quickly and efficiently by manual and mechanical technology alike. The preparation can be applied in food industry, catering, public meal providing and all other fields where fast stripe-free drying and efficacious removal of contaminations are important parts of daily cleaning. Dilute it properly by pouring the dosed concentrate into the previously prepared water and homogenise the substance by mixing them together. Dilution and homogenisation may be also performed mechanically. Dilution is practical to be carried out in warm water. Contaminations must be removed from the affected surface by the cleaning solution. The efficiency of cleaning can be increased by mechanical means. Do not use the preparation for treating wooden or cork surfaces; in other doubtful cases, perform a trial session at a small area.

**Recommended concentrations** - for strong contaminations: 2-5% (100-500ml /10l water); for medium contaminations: 1-2% (100-200ml /10l water); for mild contaminations: 0.5-1% (50-100ml /10 water).

**EU hazard symbol:**

**Warning:**

hazard

**Flammability:**

not flammable

**Safety recommendations:** use the preparation exclusively for its function in accordance with general labour hygienic and labour safety instructions. In case of ingestion, give the victim water to drink and call a physician to the premises; do not induce vomiting.

H314 - Causes severe skin burns and eye damage.

P280 - Wear protective gloves / protective clothing / eye protection / face protection.

P301 + P330 + P331 - If swallowed: Rinse mouth. Do not induce vomiting.

P303 + P361 + P 353 - If on skin or hair: Take off immediately all contaminated clothing.

Rinse skin with water / shower.

P304 + P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing.

P305 + P351 + P338 - If in eyes: Rinse cautiously with water for several minutes.

Remove contact lenses if present and easy to do. Continue rinsing.

**Environmental protection:** the applied work solution can be discharged into public drains after being processed and diluted appropriately, in accordance with current regulations. 20-litre cleaned containers can be handled as municipal waste.

P501 - Dispose of contents/container in accordance with local regulations.

**Storage:** store the preparation in its original unopened container at a dry cool but freeze-free place, separated from foodstuffs. Keep it away from sources of heat or ignition. Comply with general instructions of storing chemicals.

P405 - Store locked up.

**Packaging units:** 20- and 5l can.
